2021 Financial Results

A Year Highlighted by Financial Growth & Strength

The year 2021 was exciting for GCU in terms of growth, financial strength, and credit rating improvement to A-. GCU also introduced the Aquila X, a fixed indexed annuity product. GCU continues to grow with total assets exceeding \$2.4 billion and surplus surpassing \$209 million as of December 31, 2021.

Highlights of 2021

Income before net capital gains (losses) totaled \$32.8 million in 2021 compared to \$29.7 million reported in 2020. Net income after realized capital gains (losses) was \$33 million in 2021 compared to \$12.8 million in 2020. In 2020, we recognized \$16.9 million in impairments from certain energy related investments.

Total Assets increased \$213 million to \$2.414 billion in 2021 from \$2.201 billion in 2020. The increase in assets reflects continued growth in invested assets from new business activity and positive cash flows. We employ a diversified asset allocation strategy to generate appropriate risk adjusted returns in support of our life and annuity liabilities. A key objective of this strateqv is to complement fixed income returns by modestly increasing exposure to alternative assets (investments in LLC's and limited partnerships), real estate and public equities to less than 5% of total invested assets.

Liabilities grew commensurate with increased life and annuity sales and totaled \$2.205 billion as of December 31, 2021 compared to \$2.018 billion at year-end 2020. The \$186.4 million increase in total liabilities is due primarily to a \$169.1 million increase in life and annuity reserves, a \$15.5 million increase in AVR, and a \$1.4 million increase in the IMR from deferred investment gains.

Total Income in 2021 grew to \$423.8 million, an increase of \$69 million compared to \$354.9 million in 2020. Life sales increased 75% from growth in our whole life single premium and final expense products. Annuity sales and exchanges increased \$51.9 million to \$291.6 million in 2021. Net investment income increased \$13.5 million to \$116.9 million from growth in invested assets and income earned from makewhole premiums on bond calls and tender offers.

Operating expenses, before the increase in reserves, totaled \$225.3 million versus \$190 million in 2020, an increase of \$35.3 million or 18.6%. Largely attributable to meeting the needs of our members, GCU paid \$30.1 million more in annuity benefits (death claims, full and partial withdrawals). Annuity exchanges decreased \$6 million. Commissions paid agents increased \$7.3 million commensurate with higher life and annuity sales. General insurance expenses were \$1.6 million higher in 2021 when compared to 2020 due to increased depreciation of EDP equipment and software. Pension expenses increased \$1.2 million due to employee attrition and pension distributions. The higher pension expenses were mostly offset by a decrease in the pension fund liability resulting

in a minimal impact to net income.

The increase in reserves totaled \$165.4 million in 2021 compared to \$134.9 million in 2020. Reserve changes are primarily a function of premiums received, death claims and annuity benefits, and interest accumulation.

Surplus grew to \$209.2 million in 2021 compared to \$182.7 million at year-end 2020. The \$26.6 million increase in surplus is attributable to the additions of net income and the change in unrealized gains of \$33 million and \$11.2 million, respectively, reduced by the change in AVR (\$15.5 million); (\$1.6 million) increase in non-admitted software development costs; and (\$0.5 million) reduction for GCU Holding Company's net loss.

Total Adjusted Capital (TAC) was \$233.2 million at December 31, 2021. TAC starts with surplus of \$209.2 million and adds back the asset valuation reserve of \$23.8 million and one-half the dividend liability of \$150,000. TAC is a financial strength measure closely monitored by rating agencies. The solvency ratios based on TAC were 110.7% and 109.5%, as of December 31, 2021 and 2020, respectively. These strong ratios reflect GCU's excellent financial strength.

Spring is here, Happy Easter!
