For my Eagle Scout project, I (along with many other gracious volunteers) built a T-ball field fence at the Beaver Falls Baseball Complex.

I currently serve at Pathway Church as a middle school youth group leader. I help lead the 6<sup>th</sup> grade boys small group discussion after the lesson each week.

In July 2023, I served at Sonzone Summer Camp. I was a co-leader of the outdoor games class. The camp was a weeklong and we led the kids through a Bible study each day. I have already signed up to serve again at Sonzone in the summer of 2024.

In June 2022, I participated in a 12-day backpacking trip at Philmont Scout Ranch in the backcountry of New Mexico. We hiked over 70 miles, and on day 9 we participated in a wildfire prevention service project. We formed a giant pile of logs to help prevent the spread of wildfires in New Mexico.

In May 2021, I organized and ran a free youth baseball program for local kids ages 8-12. The program met once a week for six weeks and helped the kids build fundamental baseball skills. I received a grant from the Beaver Falls Elks Club and used it to provide equipment and refreshments for the kids.
