

As a volunteer for my church's annual Mother's Day Tea Luncheon, I served as a host and honored all mothers in our parish.

I assisted with the parish's annual Easter Egg Hunt. We organized crafts, fun activities, and even hosted a special appearance from the Easter Bunny!

A DOCUMENTARY ON HOW SMALL ACTS OF VOLUNTEERING CAN MAKE A BIG DIFFERENCE

Through the YMCA "Y Princess" Program, I volunteered at various community events, including hosting a booth at local church festivals.

For several years, on "Earth Day," I helped to clean up the community and encouraged family and friends to join in!

I helped as a volunteer at my church's annual Fish Fry during multiple seasons of Lent. This is one of our biggest fundraisers of the year and attracts people from all around the area!

As a member of Alpha Phi, I serve as a volunteer regularly. Pictured above was a fun event to raise money for women's heart health. Other examples include delivering breakfast to healthcare workers and sending get well cards to sick children in the hospital.

Serving as a volunteer with the TJ LEAP program allowed me to help younger students, especially freshman, adjust to the new high school and introduce them to offerings in the arts department.

For several summers, I served as a teaching assistant for our Vacation Bible School and eventually led the music program for children.

As a way to support our faith community, I helped to organize a fun Mardi Gras event for families and parishioners!

As a member TJ vs. Cancer, I helped to raise money for kids battling cancer through various events and fundraising activities.

One of my favorite volunteer activities was singing with the Children's Choir at church! I also served as a cantor for holidays!
